

A scatter plot showing the relationship between 'Coordenada X' (X-axis) and 'Coordenada Y' (Y-axis). The X-axis ranges from approximately 450 to 750, with major ticks at 500, 600, and 700. The Y-axis ranges from approximately 100 to 900, with major ticks at 100, 200, 300, 400, 500, 600, 700, 800, and 900. The plot contains 100 data points, represented by black dots. The points are distributed across the plot area, with notable clusters in the lower-left, lower-middle, and upper-right regions, and a few isolated points in the upper-left and middle-right areas.
